

# SONOMA SKYPARK NEWSLETTER

## NOVEMBER 2021

### AIRPORT HAPPENINGS

This past rainstorm was quite amazing! We're happy to say that Skypark didn't incur any damage to building or aircraft. Our storm drains did a great job of keeping the tarmac from flooding. The good news is our plants won't need watering for a while. The "bad" news is we may have to mow the newly growing grass surrounding the field.

Thank you to Dennis Grimes for rolling the middle grass field. Pilot feedback has been positive that it is much smoother for landings.

REACH (Air Medical Services): Sonoma Skypark continues to play an integral part in this important service. We keep in communication with REACH Program Director Michele Lawrence to make sure we are doing everything possible to assist the medical personnel.

Our congratulations to Marcus Shackford who passed the FIA (Flight Instructor Airplane) test with an impressive 95%. Sonoma Skypark is proud of you!

**Reminder: Daylight Savings Time ends 2:00am on Sunday November 14<sup>th</sup>.**

---
