OCTOBER 2021

AIRPORT HAPPENINGS

September was a nice quiet month in regards to inspections and compliance issues as there weren't any! Yeah!

Due to the healthy amount of dirt we have on our "grass" field runway, we are requesting no one do a run-up or take-off from the field on runway 8. It creates a massive amount of dust that covers the tarmac and gets into the office/hangars.

We get asked all the time if there is hangar space for rent/purchase. I put names on a clip board for reference, but usually tell folks there's a long waiting list! If you do have any rental/purchase space coming up, please let me know.

CALENDER

BBQ - Every Saturday 12:00 - 1:30pm. Yum!

Young Eagles - 10/10 9:30 - 11:30am

Display Days - 10/9-10, 11-13/14, 12/11-12

Movie Night - Saturday 10/23!! Yeah Rafe!

Family Fun Day - Postponed until 2022

Celebrations of Life (Carmichael Hangar C2) - Paul Seibert 10/10 and Tom 11/13

TINA'S MUSINGS

Welcome Autumn! Having just moved back from CT I admit to missing all the Fall color on the trees. However, the colorful planes here at Sonoma Skypark more than make up for it (especially the yellow Vagabond PA-17)! Little by little I am getting to know the "family" here at SSP, and I hope to meet each and every one of the folks who have their planes here. Please come by the office and introduce yourself when you can. Thank you to everyone for your graciousness, and yes, I do plan on working toward a Pilot's License! *tina louise masquelier*

Marilyn's words on Paul

Paul was always interested in planes. His joy came from being involved with old planes, motorcycles, and cars...in restoring, rescuing, piloting. He was known for his careful restorations, gathering original information and instruction and intuiting the intent of the original engineer. He was an engineer himself, attending Parks Air College in St. Louis, MO. He worked as an engineer for several companies centered around aviation. He was a teacher, a husband, a father, and philosopher. He turned to spirituality, Rudolf Steiner, Eckhart Tolle, Deepak Chopra and others as years went by. After his divorce he moved from Cleveland to Savannah, GA and then to California where he met Marilyn. He found the Fleet in a barn, joined the Schellville Escadrille & Sonoma Skypark and they moved to Sonoma. He enjoyed the fly-ins and gatherings in the Midwest with his friends, always gathering information, insights, and new friends. He will be missed by his wife Marilyn, sister Joanie, daughters Christine & Lorri, stepchildren Lisa, Joel and wife May, grandsons Christopher, Jacob, and Jackson, and many friends. A Celebration of his Life will be held at Skypark Airport, Sunday October 10, 2-5 p.m. at the Carmichael Hangar C2.
